CERTIFICATE OF APPRECIATION

On behalf of the team of For Our Children Foundation I would like to express our sincerest appreciation to
SOFITA TRANSLATION AGENCY
for contributing to the success of the 15th regional IFCO conference.

Because of your partnership we were able to provide high quality translation in English, Bulgarian and Russian.
Moreover, the kind contribution of your team was highly appreciated and recognized also by all participants of the conference for
whom this forum was one unforgettable experience.

Without the support of companies like SOFITA, we will not be able to reach our main goal – to help every vulnerable child in
Bulgaria to experience a safe and happy childhood and to look forward to a bright future.

Thank you once again for your generous support of this conference.

Respectfully,
Ivanka Shalapatova
Director of For Our Children Foundation
